*Report of Hopkinton School District Student Achievement on Statewide Assessments
Smarter Balanced Assessment Consortium (SBAC), the Scholastic Aptitude Test (SAT), and the
New England Common Assessment Program - Science
Spring 2017
Hopkinton School Board
October 3, 2017*

Preamble

This report provides information on Hopkinton School District student achievement levels on the federally and state required assessments. For grades three through eight years, NH participated in the Smarter Balanced Assessment from 2015 – 2017. For grade 11, the Scholastic Aptitude Test has been utilized most recently. NH utilizes the New England Common Assessment Program (NECAP) for the grade 4, 8, and 11 science assessment. The NH Department of Education is working on a waiver for the *Every Student Succeeds Act* to align state and federal assessment regulations.

SBAC

This assessment is a computer adaptive test – it adjusts based on the success of each question.

SAT

The state moved to the SAT for the eleventh-grade statewide assessment in 2016.

NECAP Science

The NECAP is a collaborative assessment for of the six New England States. This assessment includes the completion of a lab.

Math (SBAC and SAT)

% Proficient or above Smarter Balanced			
Grade	2014-2015	2015-2016	2016- 2017
Grade 3 (Test)	72%	65%	75%
