

Video Script

A Library Survival Sheet
from the Hopkinton High School & Hopkinton Middle School Library

This "storyboard without the pictures" is most useful when your project has a lot of dialog. Use the **VIDEO** side to describe movements, reactions & camera angles, and the **AUDIO** side for the dialog or voice-over text, plus any sound effects.

Project Title: _____

Page ___ **of** ___

VIDEO	AUDIO (be sure to indicate who is speaking...)
