- The College Board defines success on an AP exam to be a 3 or better.
- Eighty-one percent of students taking the exam achieved a 3 or better.
- Mr. Kelley is working with guidance and the Administrative Council to understand why students in the courses do not take the exam.
- A few years ago, Hopkinton High School began the tradition of honoring achievement in the AP program by recognizing AP Scholars, AP Scholars with Honor, etc. A plaque recognizing this achievement hangs conspicuously in the library.
