

H2O Task Forces:

Each Task Force is lead by a member of the Steering Committee.

Community Expectations Task Force

Led by Mr. John T. Boatwright, a well-known member of the community. He will be working with the community to ensure that the District is aligned with the expectations of the community. He will also help to develop mechanisms to ensure continued alignment over time.

District Configuration Task Force

Led by Mr. Steve Chamberlin, the Principal of Hopkinton Middle/High School. He is charged with determining the optimal configuration of grades, buildings and student enrollment in the district.

Indicators Task Force

Led by Mr. Bill Carozza, the Principal of the Harold Martin School. He will be defining a set of date-drive, measurable indicators for how the District performs its educational mission.

Curriculum and Instruction Task Force

Led by Mr. Michael Bessette, the Principal of the Maple Street School. He will be seeking to define the curriculum and best educational practices to ensure that our graduates have the competencies required for their individual success.

Operations and Efficiencies Task Force

Led by Ms. Michelle Clark, our Business Administrator. Her charge is to review the operations and procedures of the district with fresh eyes (subject area experts from the community) and identify areas improvement and maximum gain.

Human Resources Task Force

Led by Dr. Brian Blake, Superintendent. His group will be seeking to identify how we can best use the District's Human Resources to improve education and ensure sustainability.
